

Mobile Crisis Response Teams

Mobile Crisis Response Teams provide community-based crisis services that deliver solution-focused and recovery-oriented behavioral health assessments and stabilization of crisis in the location where the individual is experiencing the crisis. Mobile Crisis Response Teams (MCeRTs) work hand-in-hand with local law enforcement, Chancery Judges and Clerks, and the Crisis Stabilization Units to ensure a seamless process. The teams ensure an individual has a follow-up appointment with their preferred provider and monitor the individual until the appointment takes place.
