Consolidated Annual Performance Evaluation Report (CAPER)
Program Year 2022

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The Consolidated Annual Performance and Evaluation Report (CAPER) for Program Year 2022 (July 1, 2022 through June 30, 2023) represents the third CAPER of the State of Mississippi's Consolidated Plan for Housing and Community Development for Plan Years 2020 – 2024. The report presents the overriding strategies and goals of the Five-Year Consolidated Plan for Housing and Community Development, including selected performance criteria associated with each goal and strategy. The objectives pursued were as follows: Reduce housing blight and blighting influences; Enhance the provision of quality affordable housing; Create, expand and retain more jobs for low- to moderate –income persons; Create, expand and maintain public infrastructure for the benefit of low- to moderate -income persons; Reduce the incidence of homelessness; and Provide housing for HIV/AIDS persons in Mississippi.

The CDBG Program- The state CDBG program provides public infrastructure/public facility assistance to non-entitlement units of general local government for economic development projects (new job creation) and community development projects for the benefit of low to moderate income citizens and families.

The HOME Program- Homeowner Rehabilitation, HOME Rental and CHDO set-a-side activities provided funding for the construction and rehabilitation of single-family homeownership and single & multi-family rental housing units for low-to-very low-income households. Mississippi Home Corporation (MHC) continues to provide safe, decent, affordable housing for families by addressing substandard housing needs through Homeowner Rehabilitation.

The HTF Program funds were allocated for the development of rental housing for extremely low-income families (30% AMI). MHC offered incentives to non-profit and for-profit organizations to apply for HTF funding, assist extremely low-income families and provide affordable rental housing in areas of need and opportunity. MHC assisted clients through HUD's Comprehensive Housing Counseling Program by bringing awareness of credit, budgeting, lending and building wealth.

The ESG and HOPWA Programs: This year MHC focused on best practices within program management for effective procedures and efficient outcomes from all HUD funded programs. In addition, MHC focused on removing silos between departments and agencies and improving effectiveness and outreach. MHC is working collaboratively with MDOT, the CoCs, CPS, MDA, MDOC, and other departments to increase services that will impact housing stability and poverty like transportation, employment, homeless youth, and housing. Staff met with these different departments throughout the year to discuss ways programs can work together.

The state supported outreach activities to the extent possible due to COVID-19 restrictions.

The state did not receive any public comments during the public comment period.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

THE CDBG Program- The State designed the CDBG program to address critical economic and community development needs of the citizens of Mississippi. The funds were allocated to both public facilities and economic development activities. The state distributed CDBG funds statewide to eligible units of general local government using a competitive method of distribution process for public facility/infrastructure activities. These activities directly addressed the Plan Objective: Create, Expand and Retain More Jobs for Lower-Income Persons; and the two Strategies: Create or Expand Employment at For-Profit Businesses, and Invest in Eligible Infrastructure that Supports Better Paying Jobs. The expected/actual program year measures from the table above include activities that have been completed and results in actual beneficiaries. HOPWA services were targeted to individuals and families with low-income (80% AMI) throughout the state of Mississippi.

THE HOPWA PROGRAM- HOPWA’s goal was to serve 400 households during the reporting year; however, 472 households received services. The

notable increase in HOPWA services was noted in STRMU mainly due to: 1) the impact of COVID on housing and income stability, 2) the decrease of HOPWA services in the Jackson area.

THE ESG PROGRAM- ESG services were targeted to individuals and families with extremely low income who are experiencing homelessness for at risk of becoming homeless. ESG's goal was to serve 4250 individuals; instead, ESG served 2,801 individuals. The main reason for the decrease of ESG services is the impact of the CARES program that is not listed in this report. The CARES program is working to prevent and end homelessness during the pandemic.

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

For the State's CDBG program, the largest primary beneficiaries for the 2022 program year were significantly Black or African American, and White categories. All other ethnic groups represent a significantly lower percentage. Note: Other ethnic groups include Asian, American Indian or American Native, Native Hawaiian or Other Pacific Islanders.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	24,914,008	
HOME	public - federal	11,474,419	
HOPWA	public - federal	2,413,573	
ESG	public - federal	2,355,191	
HTF	public - federal	4,433,035	

Table 3 - Resources Made Available

Narrative

Resources made available are identified as the amount of CDBG, HOME, ESG, HOPWA and Housing Trust Fund Allocations received for 2022 program year. The amount of funds expended, during the 2022 program year for the HOME program included Rental, Rehabilitation, and Reconstruction activities. HTF funds were used for affordable rental housing during the program year. The amount of funds expended, during the 2022 program year for the ESG program included Emergency Shelter, Street Outreach, Homeless Prevention, Rapid Re-Housing and HMIS. The amount of funds expended, during the 2022 program year for the HOPWA Program included STRMU, TBRA, Master Leasing and Supportive Services. The amount of funds awarded and expended during the 2022 program year for ESG and HOPWA covers multiple grants during this period. Community Development Block Grant (CDBG) funds were expended for projects related to non-entitlement local units of government economic and community development public facilities and infrastructure related activities.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Non-Entitlement Entities		100	CDBG funds are available to non-entitlement entities
Statewide	100	100	Funds are not targeted geographically, but are available statewide.

Table 4 – Identify the geographic distribution and location of investments

Narrative

Community Development Block Grant (CDBG)- The State provides CDBG funds to units of general local government statewide to non-entitlement jurisdictions on a competitive, or per economic development project basis, and does not provide geographic targeting.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Community Development Block Grant (CDBG)- The State did not directly leverage funds for CDBG. The State requires units of general local government to match CDBG economic development funds with a minimum 10% local match investment and the benefiting business to invest a minimum dollar for dollar leverage investment of CDBG funds. The State requires units of local government to provide an unspecified match of certain competitive public facility applications according to the approved method of distribution.
