

**ENVIRONMENTAL CHECKLIST**

Project Title: \_\_\_\_\_

Applicant: \_\_\_\_\_

Date Checklist Completed: \_\_\_\_\_

This preliminary environmental checklist is designed to make the applicant aware of major environmental concerns that should be addressed in project planning and budgeting. Each successful applicant will be required to prepare an environmental review record, and if appropriate, an environmental assessment in accordance with the National Environmental Policy Act of 1969, as amended. The environmental assessment involves an examination of the environmental conditions and circumstances that exist at the location of the project and a determination of project impact on those environmental conditions. In addition, each project must be reviewed for compliance with other applicable environmental laws and regulations. If any of the following questions elicit an affirmative response, additional information must be provided as part of the environmental review.

1. Is the project located within a flood hazard area, wetland, or coastal zone?  Yes  No

List activities to be carried out in a flood hazard area, wetland, or coastal zone.

2. Will the project require the dredging or filling of any waterway/body?  Yes  No

3. Will the project be located near a source of noise pollution, within the accident potential zone of military or civil airport, near a major highway, railroad, chemical storage tank, sanitary landfill site, area of potential landslide or unsuitable soil conditions, nuclear waste dump, or any other such natural or manmade safety hazard?  Yes  No

4. Will the project adversely affect the air/water quality of the area?  Yes  No

5. Are there any properties or districts within or adjacent to the project area listed on the National Register of Historic Places? (Date National Register checked)  Yes  No

Are there any other structures 50 years old or older within or adjacent to the project area?  Yes  No

If yes, will any of these historic places be affected either physically or visually by the project?  Yes  No

Will any grave sites or archeological sites be affected by the project?  Yes  No

6. Will any endangered plant or animal species (or its habitat) be affected by the project?  Yes  No

7. Will the project destroy or adversely affect any prime and unique farmlands?  Yes  No
