MISSISSIPPI HOME CORPORATION

Report on Compliance in
Accordance with The Uniform Guidance
For the Year Ended June 30, 2016
CONTENTS

Report on Compliance for Each Major Federal Program; Report on Internal Control over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by The Uniform Guidance  1 – 3

Schedule of Expenditures of Federal Awards  4

Schedule of Findings and Questioned Costs  5 – 6

Corrective Action Plan  7

Summary Schedule of Prior Audit Findings  8
Report on Compliance for Each Major Federal Program

We have audited Mississippi Home Corporation's (the "Corporation") compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the Corporation's major federal programs for the year ended June 30, 2016. The Corporation's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Corporation's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.
We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Corporation's compliance.

**Opinion on Each Major Federal Program**

In our opinion, the Corporation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

**Other Matters**

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2016-001. Our opinion on each major federal program is not modified with respect to these matters.

The Corporation's response to the noncompliance finding identified in our audit is described in the accompanying Corrective Action Plan. The Corporation's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

**Report on Internal Control Over Compliance**

Management of the Corporation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Corporation's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as item 2016-001 to be a significant deficiency.
Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the Corporation as of and for the year ended June 30, 2016, and have issued our report thereon dated October 12, 2016, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

Ridgeland, Mississippi
October 12, 2016
## Note 1. Basis of Presentation

The above schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Mississippi Home Corporation (the "Corporation") under programs of the federal government for the year ended June 30, 2016. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Because the Schedule presents only a selected portion of the operation of the Corporation, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Corporation.

## Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Corporation has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

## Note 3. Loans Outstanding

The Corporation had the following note outstanding with the Department of Agriculture Rural Development Program at June 30, 2016.

MISSISSIPPI HOME CORPORATION
Schedule of Findings and Questioned Costs
June 30, 2016

Section I – Summary of Auditor's Results

Financial Statements:

1. Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP Unmodified

2. Internal control over financial reporting:
   a. Material weaknesses identified No
   b. Significant deficiencies identified None reported

3. Noncompliance material to financial statements noted No

Federal Awards:

4. Type of auditor's report issued on compliance for major programs Unmodified

5. Internal control over major programs:
   a. Material weaknesses identified No
   b. Significant deficiencies identified Yes

6. Any audit findings disclosed that are required to be reported in accordance with Section 2 CFR 200.516(a) Yes

7. Identification of major programs:
   Hardest Hit Fund CFDA# 21.unknown
   HOME Investment Partnerships Program CFDA# 14.239
   Emergency Solutions Grant Program CFDA# 14.231

8. Dollar threshold used to distinguish between type A and type B programs $851,735

9. Auditee qualified as low risk? No

Section II – Financial Statement Findings

No matters were reported.
Section III – Findings and Questioned Costs for Federal Awards

Finding No. 2016-001

Information on the federal program:

**CFDA# and title:** 14.239 HOME Investment Partnerships Program

**Name of the federal agency:** Department of Housing and Urban Development

**Name of the pass-through entity (if applicable):** N/A

**Criteria:** Per 24 CFR 92.504 participating jurisdictions are required to complete an initial onsite monitoring visit within twelve months of a project's completion and every three years thereafter during the period of affordability.

**Condition:** Thirty-one of seventy-eight closed projects within the Community Housing Development Organization ("CHDO") program have not had an onsite monitoring visit performed within the last three years as required during the period of affordability. Also, two projects that were completed within the last twelve months have not received an initial onsite monitoring visit required in order to close out the project.

**Cause:** The Corporation took over the CHDO program from Mississippi Development Authority ("MDA") on July 1, 2015. A large number of projects were either already non-compliant with the program monitoring requirements or required monitoring during the 2016 fiscal year. Due to the large backlog inherited from MDA, the Corporation was unable to conduct onsite monitoring visits for all projects in the CHDO program during 2016.

**Effect:** At June 30, 2016, thirty-one of seventy-eight closed projects within the CHDO program were not in compliance with the period of affordability monitoring requirements. Also, two projects that were completed within the last twelve months were not in compliance with the initial onsite monitoring requirements. As the participating jurisdiction, the State of Mississippi could be responsible for the repayment of grant funds used for noncompliant projects.

**Questioned Costs:** $0

**Context:** Once the issue was discovered in our sample, we analyzed a listing of all projects within the CHDO program, with regards to the last time an onsite monitoring visit was performed. This analysis led us to determine the number of projects that had not met their onsite monitoring requirements based on the information provided to us by the Corporation.

**Identification as a repeat finding, if applicable:** N/A

**Auditor's Recommendation:** We recommend the Corporation develop a plan to ensure that the projects out of compliance receive their onsite monitoring visits as well as establish procedures and controls to ensure that future projects are in compliance with onsite monitoring requirements.

**Views of responsible officials:** Management of the Corporation has developed a strategy to ensure that the projects out of compliance receive onsite monitoring visits as soon as is feasible.
MISSISSIPPI HOME CORPORATION
Corrective Action Plan
June 30, 2016

Finding No. 2016-001

Finding: Thirty-one of seventy-eight closed projects within the Community Housing Development Organization ("CHDO") program have not had an onsite monitoring visit performed within the last three years as required during the period of affordability. Also, two projects that were completed within the last twelve months have not received an initial onsite monitoring visit required in order to close out the project.

Corrective Actions Taken or Planned: Since the completion of the audit, four projects have received onsite monitoring visits, one project's tenant files have been reviewed and site visit scheduled, and one project has reached its affordability completion and has been sent a letter of release.

The majority of the delinquent projects noted during the audit are through one management company. MHC has met with the company, requested information, and scheduled monthly monitoring visits. Four projects have been damaged by fire and additional work is in process to determine their insurance claim status. All other projects will have onsite monitoring visits completed during fiscal year 2017.

Contact Person: Ben Mokry, Chief Strategy Officer

Anticipated Completion Date: June 30, 2017
The Corporation had no findings in the prior year.
