10	SAFE	North MS	TBRA	\$161,859
11	Voices of Calvary	Jackson Metro	TBRA	\$125,467
<b>Total</b>				<b>\$905,279</b>

The projects recommended for funding will provide services to 1520 households in Mississippi through the HOME-ARP Supportive Services and TBRA program. Services will be provided to those who meet the Qualifying Population: who are experiencing homelessness and at risk of becoming homeless. The activities are consistent with the State's Consolidated Plan. The average HOME-ARP funds invested per unit of services is \$1,472.

The purpose of the HOME-ARP program is to assist individuals and families and work with them to gain self-sustainability in affordable housing. HOME-ARP services are targeted towards those with extremely low income (ELI) and low-income level households earning less than 50% of area median income. HOME-ARP provides assistance through the following components: Supportive Services, Tenant Based Rental assistance, Affordable Housing Development and development of Non-Congregate

Shelters (NCS). The State of Mississippi received a HOME-ARP allocation of \$38,094,321 to be expended on eligible activities by September 30, 2030.

Awarded agencies will receive an allocation of HOME-ARP annual funds until September 2029 based on the agencies' performance and those community needs.
