

## ENVIRONMENTAL CHECKLIST

Project Name: \_\_\_\_\_

Applicant: \_\_\_\_\_

Date Checklist Completed: \_\_\_\_\_

The preliminary environmental checklist is designed to make the applicant aware of major environmental concerns that should be addressed in project planning and budgeting. Each successful applicant will be required to prepare an environmental review record, and, if appropriate, an environmental assessment in accordance with the National Environmental Policy Act of 1969, as amended. The environmental assessment involves an examination of the environmental conditions and circumstances that exist at the location of the project and a determination of project impact on those environmental conditions. In addition, each project must be reviewed for compliance with other applicable environmental laws and regulations. If any of the following questions elicit an affirmative response, additional information must be provided as part of the environmental review.

1. Is the project located within a flood hazard area, wetland, or coastal zone?
