Re: MCC PROGRAM BULLETIN #68 – MCC Program IRS Reporting

This bulletin serves to notify participating lenders that our Lender Portal now allows you to run your own IRS 8329 (Lender's Information Return for MCCs) for the 2023 closing year.

Although you may see multiple years, you only need to select the year of 2023. Once you run the report, please be sure to insert your EIN # and verify the loans. After verifying, please execute and file the return by mailing to the following address:
