**SMART6
MORTGAGE REVENUE BOND MORTGAGE ORIGINATION AGREEMENT**

THIS MORTGAGE REVENUE BOND MORTGAGE ORIGINATION AGREEMENT (this “Smart6 Origination Agreement”), is dated as of _____, 20___, among the Mississippi Home Corporation (the “Corporation”), the institution designated as “Lender” on the cover page hereof (in such capacity, hereinafter referred to as the “Lender”) and the institution designated as “Servicer” on the cover page hereof (in such capacity, hereinafter referred to as the “Servicer”).

WITNESSETH:

In consideration of the warranties, representations and mutual agreements herein set forth, the Corporation, the Lender and the Servicer hereby agree as follows:

Section 1. Definitions. The following terms shall, for all purposes of this Smart6 Origination Agreement, have the following meanings:

“*Acquisition Cost*” shall mean the cost of acquiring a Residential Housing Unit as a completed residential unit from the seller as a completed Residential Housing Unit and includes the following:

(a) All amounts paid, either in cash or in kind, by the Eligible Borrower (or a related party or for the benefit of the Eligible Borrower) to the seller (or a related party or for the benefit of the seller) as consideration for the residence. The Acquisition Cost includes property that is a fixture under State law, such as light fixtures or wall-to-wall carpeting. If the Mortgagor purports to separately purchase such items, the cost of those items must be included in the Acquisition Cost. On the other hand, property which is not considered a fixture under State law, such as appliances or furniture, is not considered part of a residence and the cost of acquiring such items does not have to be included in the Acquisition Cost (unless the acquisition costs of such items exceed their fair market value, in which case the amount of the excess must be included in the Acquisition Cost). For example, if the Mortgagor agrees to purchase a refrigerator, washer and dryer from the Seller for \$1,000 more than the fair market value of such items, such \$1,000 must be included in the Acquisition Cost. Similarly, if as part of the purchase of the residence the Mortgagor agrees to pay or assume liability for a debt of the seller, the amount of such debt must be included as part of the Acquisition Cost.

(b) If a residence is incomplete, the reasonable cost of completing the residence whether or not the cost of completing construction is to be financed by a Mortgage Loan. For example, where a Mortgagor purchases a building that is so incomplete that occupancy of the building is not permitted under local or State law, the Acquisition Cost includes the cost of completing the building so that occupancy of the building is permitted. For example, if a Mortgagor purchases an existing home and then pays a party unrelated to the seller \$3,000 to paint it, refinish the floors and make minor repairs, such \$3,000 is not included in the Acquisition Cost.

(c) If a residence is purchased subject to a ground rent, the capitalized value of the ground rent, which shall be calculated using a discount rate equal to the yield on the Taxable Bonds as specified by the Corporation.

The term “Acquisition Cost” does not include the following:

(a) The usual and reasonable settlement or financing costs. Settlement costs include titling and transfer costs, title insurance, survey fees, and other similar costs. Financing costs include credit reference fees, legal fees, appraisal expenses which are paid by the Mortgagor (but not the Seller) or other costs of financing the residence. However, such amounts will be excluded in determining Acquisition Cost only to the extent that the amounts do not exceed the usual and reasonable costs which would be paid by the buyer where financing is not provided under the Smart6 Mortgage Program. For example, where the purchaser agrees to pay to the seller more than a pro rata share of property taxes, such excess shall be treated as part of the Acquisition Cost.

(b) The value of services performed by the Mortgagor or members of the Mortgagor's family in completing the residence. For purposes of the preceding sentence, the family of an individual shall include only the individual's brothers and sisters (whether by whole or half-blood), spouse, ancestors, and lineal descendants. Where the Mortgagor builds a home alone or with the help of family members, the Acquisition Cost includes the cost of materials provided and work performed by sub-contractors (whether or not related to the Mortgagor) but does not include the imputed cost of any labor performed by the Mortgagor or a member of the Mortgagor's family in constructing the residence. Similarly, where the Mortgagor purchases an incomplete residence, the Acquisition Cost includes the cost of material and labor paid by the Mortgagor to complete the residence but does not include the imputed value of labor performed by the Mortgagor's family in completing the residence.

(c) The cost of land that has been owned by the Mortgagor for at least two (2) years before the date on which construction of the Residential Housing Unit begins.
